Air Quality Forecast for the UK

Issued by the Met Office

Today: Low air pollution is forecast on Sunday, as cool and clean air moves across much of the UK, while light winds and occasional showers will also help to prevent the build-up of any local pollutants.

Tomorrow: Little change is expected on Monday, with occasional showers helping to keep air pollution levels Low across the UK.

Outlook: Mainly Low levels are expected, with isolated pockets of Moderate levels possible across Scotland on Wednesday. Areas of Moderate levels possible more widely across western and northern UK on Thursday.
